Sadhbhavana Dorm

Home away from Home

Sadhbhavana Dorm is a place where memories are created, friends always belong, and laughter never ends...

The dorm is designed in a manner such that it is a second home for the residents, with excellent pastoral care, cozy interiors, and comfortable living quarters. The school's tranquil campus and its beautiful flora and bird life provide children with ample green space and fresh air where they are able to live and learn.

The dorm provides the residents with a peaceful and calm environment, creating an atmosphere of harmony and cooperation among them, which in turn inculcates a sense of responsibility and discipline in every aspect of their personality development. It is a hub of academic, social, physical, and cultural activities. The students dwell in a healthy environment that helps them grow and learn without any obstacles.

Living at Sadhbhavana!

Three interlinked components define the Sadhbhavana experience: rigorous academic support, emphasis on character building in a setting that allows students to foster innate talents, and student well-being.

Other than rigorous academic support, there are different activities and programs that enable students to learn how to live as responsible members of the community: respecting their fellow students and adults; treating the physical environment with care; recognizing the importance of community harmony, learning to be sensitive to differences; and embracing the values of Sadhbhavana
