

SADHBHAVANA
WORLD SCHOOL

Bringing the World to the Classroom

Established in 2008, Sadhbhavana World School echoes uniqueness in its journey in education. Promoted by a team of intellectuals and visionaries who have expertise in varied spheres, the team began to research in 2005 to identify the components that make a great school. The research culminated in the identification of 444 quality components of a great school. Based on the findings a strategic plan was conceived and thus Sadhbhavana World School began operations. The target of the promoter group was to develop the school that would be recognized as one of the top schools in the country. With focused effort and continuous improvement, the school started appearing in most of the TOP TEN lists of various surveys since 2014 and continues in the ranking for the 9th consecutive year.

Philosophically, the school stand for a unique blend of western sophistication and Indian values. Sadhbhavana believes in bringing up every child as a good human being. Academically, the school is consistently producing global toppers and country toppers over the years. Sadhbhavana alumni are currently enrolled in some of the best universities in India and across the globe for their higher studies.

Vision

Enjoy the experience of purposeful learning.

Mission

- I Engage children through progressive, effective, and efficient teaching-learning techniques.
- I Serve the developmental needs of every child.
- I Disseminate intellectual, humane, and social content of education.
- I Evolve as a fostering, friendly and safe campus.
- I Equip all children with the right competencies and mindsets for their successful adult life.

Curricula

Sadhbhavana follows a “Y Format” when it comes to curriculum. With expertise in early childhood education, CBSE and Cambridge boards, the school offers a unique blend of these in such a manner that it is most beneficial to students. Sadhbhavana delivers the curriculum based on the principle that learning must be exciting and stimulating, personalized and reflective. The first level in the format is the Foundation Years which follows the NEP structure of play school to Grade 2. An international curriculum called “Whystles” following EYFS framework provides children with stimulating and activity based learning experiences in the early years. The next level, which is from grades 3 to 7, ensures that students are being prepared based on the requirements of both Indian and international education systems. The students here acquire skill sets and knowledge that prepare them for entry into either the Cambridge or the CBSE streams. Once students reach either of the streams, the teaching and learning is customized to suit the needs of the particular stream.

Academics & Beyond

The future of our communities depends on a generation, not only skilled in academics, but also excited about belonging to an educated community. That community will arise only if schools engage and connect with today's children. Sadhbhavana creates such a community that increases academic, social, and emotional success.

Academic Engagement

Physical & Emotional Safety

Personalised Care

Increasing students' engagement in learning means not only setting high academic targets, and behavioural standards, but also the exposure to arts, sports, and real life experiences. Along with academic, social, and emotional excellence, Sadhbhavana also provides various opportunities to enhance skills required for the 21st century.

Living at Sadhbhavana!

"Home away from Home"

Sadhbhavana Dorm is a place where memories are created, friends always belong, and laughter never ends...

The dorm is designed in a manner such that it is a second home for the residents, with excellent pastoral care, cozy interiors, and comfortable living quarters. The school's tranquil campus and its beautiful flora and bird life provide children with ample green space and fresh air where they are able to live and learn.

The dorm provides the residents with a peaceful and calm environment, creating an atmosphere of harmony and cooperation among them, which in turn inculcates a sense of responsibility and discipline in every aspect of their personality development. It is a hub of academic, social, physical, and cultural activities. The students dwell in a healthy environment that helps them grow and learn without any obstacles.

The facility is available to children in Grades 6 & above.

Separate buildings for boys & girls

Fully air-conditioned living quarters

Study rooms

Recreational facilities

Personalized mentoring and counselling

Dining hall

Nutritious, delicious & homely menu (veg & non-veg)

Career Guidance by experts

Remedial classes

State-of-the-art safety & security features

Laundry services

And many more...

Career Guidance

The choices students make as they reach secondary education is the start of the journey to the professional they are yet to become. The Career Department at Sadhbhavana provides guidance to the students of grade 9 and above to ensure they make the right choices. With a highly experienced panel of experts, the optimum potential of each student is explored to help them build a career orbit. The personalized guidance enables the students to access the information which help them create a framework on the career they are interested in as well as where and how to apply to the top colleges in the country and abroad.

Medical / Engineering Entrance Coaching

This is a special add-on offered to CBSE students. Coaching is provided to the students to enable them to crack the entrance exams including NEET, AIIMS, and JEE. A team of highly qualified, experienced, and eminent teaching professionals, who are pros in entrance coaching, ensure that students are on the right path towards success.

The students of the senior secondary school who choose entrance coaching are provided with an integrated program targeted for medical / engineering entrances. Hence, apart from the regular classes, these students will attend evening classes, and holiday classes. The students are thus required to stay in the Sadhbhavana boarding facility.

Students who opt for this package are not only availing the opportunity to study under some of the icons in the field, but also the opportunity to live in one of the safest campuses in India having the most favourable environment, and top-notch amenities.

Sadhbhavana has a track record of winning innumerable awards – mostly for its qualitative processes, educational philosophy, and unique methodologies. Besides this, the students have also consistently won awards for their academic brilliance both in the Cambridge and the CBSE streams. Some noteworthy mentions are below:
